DENIAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application,
deny and do hereby grant the same, subject to the following limitations and
conditions:

on the grounds that land to be served under the application has water
rights under prior appropriations and to grant additional direct diversion
rights for this land would be adverse to other rights on the stream
system and detrimental to the public welfare.

The amount of water to be appropriated shall be limited to the amount
which can be applied to beneficial use, and not to exceed
cubic feet per second.

Actual construction work shall begin on or before

Proof of commencement of work shall be filed before

Work must be prosecuted with reasonable diligence and be completed on or
before

Proof of completion of work shall be filed before

Application of water to beneficial use shall be made on or before

Proof of the application of water to beneficial
use must be filed with State Engineer on or before
